

## Requirements for Contributors to the Journal of Mountain Agriculture on the Balkans (JMAB)

Journal of Mountain Agriculture on the Balkans publishes papers which are classified into the following categories:

**Original scientific paper** – contains unpublished results of the scientific investigations. Printed text, excluding tables, graphs, figures and photographs should not exceed 8 pages.

**Review paper** – contains original and complete analytical survey of the concrete scientific issue and theme. Printed text, including tables, graphs, figures, pictures and references should not exceed 20 pages.

**Short communications** – contains unpublished results of the scientific investigations within limited scope (up to 4 pages).

Papers for publishing in JMAB should be submitted to the Editorial Board electronically, by sending to E-mail: [jma@mail.bg](mailto:jma@mail.bg). Contributors from abroad send their papers in English, while Bulgarian contributors must send their papers in Bulgarian and English in two separate files.

Papers are published in English and Bulgarian. They are doubleblind peer reviewed. Reviewer is exclusively chosen by the Editorial Board. The papers which are upon the revision are returned to the corresponding author in order to be corrected. Authors have 20 days to make revision and return their manuscripts following reviewers and editor comments. Upon the stated deadline, it would be assumed that the author/s abandoned the publication of the paper in this journal.

### Preparation of the manuscript for publication

The manuscript should be typed clearly, single spaced, font Arial, size 12 (except where it is stated otherwise). The Latin names of plants and animals must be written in *italic*.

***Original scientific paper*** should be presented in the following manner:

#### The title of the paper

The title of the paper should be brief, but accurately identifying the manuscript content, **being written in bold small letters**, font size 14, without any abbreviations.

The forename and surname of each author without title are to be stated below, written in light (not bold) small letters.

Institutions for which he/she works are written below. They should be font size 9, *italic*, <sup>1, 2, ...</sup> numbers in suffix should be used to refer the addresses of authors.

Under affiliations of authors should be mentioned E-mail of corresponding author, in *italic*, indicated with \*.

*Example:*

Original scientific paper should contain following paragraphs:

**SUMMARY and key words:**

The summary should not exceed 250 words. It has to be informative, with cited the main results obtained. It should be understandable without having read the paper. No more than 10 key words have to be stated. They must be properly selected and giving the essence of the study. Font size 10 should be used.

**INRODUCTION:** Must answer the following questions: What is known and what is new on the studied issue? What necessitated the research problem, described in the manuscript? What is your hypothesis and aim?

**MATERIAL AND METHODS:** The objects of research, organization of experiments, chemical analyses, statistical and other methods and conditions applied for the experiments should be described in detail.

**RESULTS AND DISCUSSION:** Present investigation results separately from discussion or together in one paragraph. Presentation of results should be precise and without repetitions, and include the evaluation of significant differences and other parameters.

Bulgarian contributors must send text and titles of tables, figures, graphs and photographs bilingual (in Bulgarian and English). Font size should be 10 and only the titles of tables and other illustrations should be **bold**.

*Example:*

1.

**Table 1. Total production of green matter, hay, and seed of the tested varieties in the first year of use**

1. (t.ha<sup>-1</sup>)  
2014

**Fig. 1. Green matter yields (t.ha<sup>-1</sup>) of the tested varieties by individual cutting in 2014**

Tables, figures, graphs and other illustrations should be numbered consecutively with Arabic numerals and with adequate title and legend; width and height should not exceed 13 cm and 18 cm, respectively. Each table and other illustrations should be submitted on a separate sheet, portrait orientation is recommended, at the end of the file containing the text of the paper in Bulgarian and must be cited in the texts in both files (in Bulgarian and English). The position of each table, graph, figure, etc. in the text must be indicated as a comment.

**Tables** should be prepared according to instruction for forming of tables in MS Office Word. Each column in the table must have heading and, when necessary, abbreviations should be explained in the legend. Do not duplicate matter that is presented in figures.

**Figures** should be prepared in Excel and it is required to be sent the original Excel files, too. It is recommended the figures to be in black and white.

Provide figures and photographs with good dark and light contrast. Prepare drawings with dark, heavy lines as to be appropriate for printing.

**Abbreviations and units**

SI units of the international system should be used. Abbreviations may be used for other expressions provided that, when first mentioned, they are defined in full, followed by the abbreviation in parenthesis and used consistently thereafter.

**CONLUSIONS:** Present the most important consequences for the science and practice resulting from the conducted research should be summarized in few sentences.

**ACKNOWLEDGEMENTS** (if there are any.)

## REFERENCES:

In the text, references should be cited as follows: single author: Németh (1963); two authors: Salamon and Palkovics (2002); more than two authors: Adam et al. (2015). When several references are cited simultaneously, they should be ranked by chronological order e.g.: (Petrovic et al., 2011; 2015) or (Scholefield and Titchen, 1995; Peeters et al., 2006; Pozdissek et al., 2011).

All published works referred to in the text must be listed in the reference list and vice versa. The reference list should be numbered, in Arial, font size 10. First must be listed the authors in Cyrillic alphabet, followed by these in Roman alphabet, alphabetically (by the name of the first author) and chronologically. If an author is cited more than once, first his/her individual publications are given ranked by year, then come publications with one co-author, two co-authors, etc. The names of authors, article and journal titles in Cyrillic or alphabet different from Latin should be transliterated into Latin and article titles should be translated into English. The original language of articles and books translated into English is indicated in parenthesis after the bibliographic reference (in Bulgarian = BG, in Russian = RU, in Serbian = SR, in Chinese – CH, etc.)

In terms of references, data should be listed as it is shown below:

**Journal articles:** Author(s) surname and initials, given **bold** (surnames should be before initials for all authors). Title. *Journal title (in italic)*, year, volume, number, pages. *Example:*

” ” ”  
Goniolimon, Plumbaginaceae,  
, 2015, 52, 3, . 85-89.

**Kirilov A., Stoycheva I., Gerchev G.** Milk production of sheep fed with sunflower meal and soybean grain. *Journal of Mountain Agriculture on the Balkans*, 2015, 18, No. 6, pp. 947-955.

As mentioned above the authors in Cyrillic alphabet have to be translated into English and sent in the file with text in English, as follows:

**Manolova D., Kaninski A., Zaprianova N.** Pre-sowing treatment of seeds of four protected species from genus Goniolimon, fam. Plumbaginaceae, distributed in Bulgaria. *Rasteniev'dni Nauki (Plant Science)*, 2015, 52, No. 3, pp. 85-89. (in Bulgarian or BG)

**Books:** Author(s) surname and initials given **bold** (surnames should be before initials for all authors). Title, year, Edition, name of publisher, place of publication. *Example:*

**Lidanski T.** Statistical methods in biology and agriculture. Zemizdat, Sofia, 1998, p. 375 (in Bulgarian)

**Book chapter or conference proceedings:** Author(s) surname and initials, given **bold** (surnames should be before initials for all authors). Title. In: *Title of the book or of the proceedings followed by the editor(s) (in italic)*, year, Name of publisher, Place of publication, volume, pages. *Example:*

**McGrath S.P.** Phytoextraction for soil remediation. In Brooks R.R. (ed.) *Plants that hyperaccumulate heavy metals*. 1998, CAB Int., Wallingford, UK, pp. 261-287.

**Tsvetkov I.** Propagation of mature specimen of mulberry (*Morus alba* L. “Pendula”) by tissue culture. *IPPS in Third Scientific Conference – 3-5 October*, 1998, Sofia, 129-133.

**Review paper** should contain the title with the authors, summary, key words, analysis-discussion of the specific theme and references, presented in the same way as mentioned above in the case of original scientific paper.

**Short communication** should be prepared in compliance with the instruction for the original scientific paper.

**We would greatly appreciate if the authors prepare the manuscripts in compliance with the above stated instruction as to facilitate the work of the editorship. If the paper is not presented according to the stated requirements, it will not be accepted for the possible publication.**

After publication the corresponding author receives by mail PDF file of the manuscript.
