FIRST ANNOUNCEMENT

Organize

29th International Scientific Conference

‘EcoMountain 2026’

on a theme

Ecological Issues of Mountain Agriculture

that will be held on 14-15 May 2026 at RIMSA - Troyan

Under the Patronage of:

Minister of Agriculture and Food

Chairman of Agricultural Academy

O R G A N I Z I N G C O M M I T T E E :

1. ***Chairman*** — ***Prof. Diyan Georgiev, PhD***
2. ***Deputy chairman*** — ***Prof. Boriana Churkova, PhD***
3. ***Organizing secretaries*** — ***Pavlina Raykovska***, ***Polina Hristova***
4. ***Members***

   - ***Assoc. Prof. Tsvetomira Bancheva, PhD***
   - ***Assoc. Prof. Svetoslava Stoycheva, PhD***
   - ***Prof. Tatyana Bozhanska, PhD***
   - ***Assoc. Prof. Georgi Popski, PhD***

5. ***Secretariat***
   - ***Prof. Boryana Stefanova, PhD***
   - ***Prof. Maria Georgieva, PhD***
   - ***Prof. Nikolay Markov, PhD***
   - ***Prof. Galina Naydenova, PhD***
   - ***Assoc. Prof. Minko Iliev, PhD***
   - ***Assoc. Prof. Nikolinka Marinova, PhD***
   - ***Assoc. Prof. Teodora Mihova, PhD***
   - ***Assoc. Prof. Tsvetelina Dimitrova, PhD***
   - ***Chief Assist Prof. Denitsa Hristova, PhD***
   - ***Chief. Assist. Prof. Katerina Churkova, PhD***
   - ***Chief Assist. Prof. Lora Mondeshka, PhD***
   - ***Chief. Assist. Prof. Magdalena Petkova, PhD***
   - ***Chief Assist.Prof. Miroslav Hristov, PhD***
   - ***Chief Assist Prof. Silvena Todorova, PhD***
   - ***Chief Assist Prof. Tsvetan Markov, PhD***
   - ***Assist. Prof. Aleksandrina Ignatova***
   - ***Assist. Prof. Aleksandar Georgiev***
   - ***Assist. Prof. Daniela Vitanova***
   - ***Assist. Prof. Viktoriya Peeva***
   - ***Assist. Prof. Zornitsa Petkova***
   - ***Chief expert Genoveva Georgieva***
   - ***Tihomir Naydenov, PhD student***

THEMATIC TOPICS OF THE CONFERENCE:

1. ***Stockbreeding***
   - ***Breeding, selection and reproduction in stockbreeding;***
   - ***Technologies of feeding and raising of livestock;***
   - ***Quality of raw materials animal husbandry;***
   - ***Economics and management in animal husbandry.***
2. ***Forage Production and Grasslands***
   - ***Genetic resources and selection in forage cultures;***
   - ***Technologies of growing in forage cultures;***
   - ***Natural and artificial grasslands and pastures;***
   - ***Economics and management in forage production.***
3. ***Perennials***
   - ***Genetic resources, selection, biotechnologies;***
   - ***Technologies – conventional, sustainable, biological;***
   - ***Reproduction and planting material;***
   - ***Plant protection;***
   - ***Quality of fruits;***
   - ***Economics and management of perennial crops.***
4. ***General Agriculture***
   - ***Economics and management.***
5. ***Processing of plant and animal products***
   - ***Processing of fruits, vegetables, cereals and other raw materials from crop production;***
   - ***Processing of milk, meat and other animal products;***
   - ***Economics, management and tourism in crop and livestock production.***

6. *Official languages for the conference: Bulgarian and English*

Important deadlines:

1. ***Up to 30.01.2026 – to send the registration form to E-mail: jma@mail.bg; jma.rimsa@gmail.com***
2. ***Up to 04.03.2026 – to send the summaries, which have to be written after the pattern, to E-mail: jma@mail.bg; jma.rimsa@gmail.com***
3. ***Up to 31.03.2026 – sending of 2nd announcement with details to the authors of the materials that are approved to participate;***
4. ***Up to 30.04.2026 – to send the full text of the materials that are approved to participate;***
5. ***14-15 May 2026 – conducting of the international scientific conference.***

Registration fee	***Up to 01.05.2026***	***After 01.05.2026***
Regular	180 BGN / 90 €	200 BGN / 100 €
Students and PhD Students*)	90 BGN / 45 €	100 BGN / 50 €
Accompanying person	90 BGN / 45 €	100 BGN / 50 €

**) to present a copy of a valid document certifying the above*

The fees should be paid in bank transaction:

Bank: **UniCredit Bulbank - Troyan**
Bank account: **BG43UNCR75273153882301**
Bank code, BIC: **UNCRBGSF**

Note*: In case of a bank transfer of the fee, **the information about the payer, basis of payment in order to issue an invoice** for the registration fee should be sent by e-mail.

Materials approved after reviews will be published.

Two materials of as first author will be published with one registration fee.

The registration fee includes:

- Full access to all scientific sessions at the conference;
- A package with materials of the first author;
- Coffee breaks;
- Official dinner on 14.05.2026 at the canteen of RIMSA;
- Free Wi-Fi;
- Free guarded parking;

- The approved and published materials in the Journal of Mountain Agriculture on the Balkans will be available on the website: jmabonline.com.

The journal is indexed in Web of Science (CABI), EBSCO, AGRIS, BASE, British Library, eLibrary, JURN, ROAD, WorldCat.

INSTRUCTIONS FOR SUMMARY PREPARATION:

A summary in English language, which includes:

- Theme of the paper/poster, title – Arial 14, in small letters, **Bold**;
- First and family name (full written) of the authors – Arial 12;
- Institution – Arial 10, *Italic;*
- E-mail of the corresponding author – Arial 12, *Italic*;
- A brief content of the paper – from 150 to 250 words, Arial 10;
- Key words up to 10 – Arial 10.

SAMPLE

Variability of Some Traits of Vetch Genotypes Originating from Different Regions

Jasmina Milenković[1]*, Rade Stanisavljević[2], Jordan Marković[1], Mirjana Petrović[1], Tanja Vasić[1], Snežana Andjelković[1], Zoran Lugić[1]

[2]*Institute for Plant Protection and the Environment, 11000 Belgrade, Serbia*
**E-mail: jasmina.milenkovic@ikbks.com*

The objective of this research was ten genotypes of spring vetch: five genotypes of common vetch (*Vicia sativa* L.) and five genotypes of hairy vetch (*Vicia villosa* Rooth.). New genetic material in the selection process would contribute to the obtaining of new varieties with better qualitative and quantitative characteristics. The tested genotypes were taken from the collection of Institute for forage crops, and they have different geographic origin. The small plot trials, was conducted in three years (2013, 2014, and 2015) at the experimental field of the Institute for forage crops Krusevac. The following quantitative traits were investigated: number of pods per plant, seed number per pod, 1000 seed weight. Total protein content, insoluble proteins and soluble proteins were determined from the forage (whole plant) in the phase of pod filling. All studied chemical parameters revealed significant difference between the genotypes, and years (P≤0.01). Quantitative parameters (number of pods per plant, seed number per pod and 1000 seed weight) varied between genotypes, but there were no statistically significant differences between years.
Key words: quality, *Vicia sativa* L., *Vicia vilosa* Roth., total protein content, insoluble protein

Please, note that up to two reviewed and accepted papers per registered person as a first author, can be published.
